

The Science of Die Ejection

Our only focus: Engineering, manufacturing & supplying die ejection materials. No one else can say that.

Introducing MR50 Reformulated... Pillow Soft & Finger Snap Fast!

REFORMULATED FOR *EVEN FASTER* EJECTION: FOR RECYCLED CORRUGATED BOARD.

MR50 is the ideal elastomer for product ejection when fragile laminates are on the corrugated, or when our 10000 Series is too much. Our market is rapidly changing, as are the products being die cut. That's why we focus solely on die ejection, working hard to stay ahead of your needs so we always have a solution ready.

THE REFORMULATION OF MR50 OFFERS:

- Same Compression / Deflection values
- Faster "Rate of Recover"
- Enhanced for Recycled Corrugated
- Multiple Colors Available

Do you have a challenging job? Give us a call and let our Technical Team help get the job done fast and done right.
